## THE AGENCY

Millennium Momentum Foundation, Inc. (MMF) was formed in 2002 with the mission to increase the number of students and young adults in public policy and other public service fields through higher education, mentoring, and leadership development training. The agency has become one of the leading providers of leadership development training in the Nation with a 96% college graduation rate, 92% college enrollment retention rate, and a 90% employment matriculation rate among program participants completing service delivery from 2004 to 2015.

## THE PROGRAM

The **MMF Leadership Development Institute (LDI)** is a 6-month training conference series, which provides over 40 hours of practical leadership development skills training, practical employment skills training, and other professional support services that target current college students to help support enrollment retention, college graduation and employment matriculation. Eligible students must be full-time students and at least sophomore standing with a 3.0 GPA or higher.

These practical-based training conferences are hosted monthly over the course of a 6-month period, on the campuses of Southern California Universities and colleges that serve as Major Educational Partners to Millennium Momentum Foundation, Inc. (i.e. USC, CSUDH, USC, Pepperdine University, CSUF, and CSULA). In addition to extensive training access, program participants benefit from ongoing supportive services (i.e. practical engagement activities, individualized guidance, scholarship program application & enrollment prioritization, financial literacy individualized coaching, customized networking & mentoring opportunities, professional coaching, internship placement & service grant opportunities, etc.), which are all rendered in between monthly training conferences.

**Your Turn Intern Expo & Celebrity Fest 2017** presents over 1000+ internships in a 2-day expo with students from over 50+ colleges & universities, taking place at the Los Angeles Convention Center and culminates with a Celebrity Fest in LA Live Entertainment complex in downtown Los Angeles. Students attending partner colleges and universities have a set number of credentials based on agreed upon nominations, of which students incur no costs therein. CSUN will provide bus transportation to this event for MMF LDI participants to be held on April 29-30, 2017.
